

## TITAN RACE GEAR 90 LS

Very high performance gear and limited slip differential oil

### Description

TITAN RACE GEAR 90 LS is a very high performance mineral based limited slip gear oil for hypoid and spiral bevel axles. Containing very high levels of extreme pressure and anti-wear additives, TITAN RACE GEAR 90 LS gives outstanding load carrying performance, in excess of commercially available products. It has excellent anti-corrosion, anti-oxidation and anti-foam properties.

### Application

This unique formula contains high performance friction modifiers designed to make TITAN RACE GEAR 90 LS ideal for limited slip differentials operating under severe conditions including competition use.

Also entirely suitable for non-limited slip hypoid and spiral bevel gear drives.

### Advantages/Benefits

- Excellent load carrying properties including outstanding shock loading protection
- High levels of extreme pressure and anti-wear additives increase axle durability
- Good rust and oxidation resistance
- Contains friction modifiers for smooth power transfer

### Specifications

- API GL-5

### Approvals

- -

### FUCHS Recommendations

- API GL-6 performance

## CHARACTERISTICS: TITAN RACE GEAR 90 LS

Kinematic Viscosity at 100°C	IP71	19.8 mm <sup>2</sup> /s
Kinematic Viscosity at 40°C	IP71	230 mm <sup>2</sup> /s
Viscosity Index (VI)	IP226	99
Specific Gravity at 15°C	IP160	0.898
Flash Point (Closed Cup)	IP34	205°C
